To,
Deputy Secretary to the Government,
Government of Madras, Fort St. George,
Madras.

Ref:- Telegram dated 17-5-1949.

Sub:- Post and Telegraph - South Kanara Dist. Puttur Taluk, openingof a telegraph branch at Belthangady.

Sir,

I have before me your letter of the 25th May 1949, in the above matter.

Though three years have lapsed I regret that nothing had been done towards this up to this time on the plea that the work has been put back for lack of necessary materials.

Further, I am constrained to draw your kind attention when there is talk of rural construction and such like in the Assembly chambers, with lofty ideas all these have become paper ideas and nothing constructive.

It is therefore requested that the good government will take the opportunity and issue directions to the Divisional Engineer, Tiruchirappali and Post Master General to take the matter immediately on hand and ameliorate the condition of the people of a sub taluk and in particular of Malanad.

Belthandady being the gate way to Western Ghats, and with Forest Department, the necessity of a telegraph office is keenly felt, and in particular by the general public in a place like Belthandagy where the mode of communication have become too old and out of fashion.

It is therefore requested that immediate action will be taken in this matter and the public will have no cause for the inconveniences.

Thanking you and look forward a favourable reply at an early date.

Belthangady,
26-7-1951.

I beg to remain,
Sir,
Yours truly,

I have consulted the Superintendent of Post offices, South Kanara Division, Mangalore in the matter. He states that the Divisional Engineer, Telegraphs, Tiruchirapalli is entrusted with the work of constructing the telegraph line to Belthangady and that the work is held up due to non receipt of certain important telegraph materials from the Controller of Telegraph Stores, Calcutta. A true copy of the letter received from the Superintendent is enclosed for your perusal.

The Divisional Engineer, Telegraphs, Tiruchirapalli who is entrusted with the work of constructing the telegraph line to Belthangady has intimated that the construction work has been held up due to non receipt of certain important telegraph materials from the Controller of Telegraphs Stores, Calcutta. He has conveyed an assurance that the construction of the line will be taken up as soon as the materials are received and completed with the least possible delay. As the commencement of the work depends on the receipt of materials from Calcutta he is unable to state exactly when the work will be taken up.
